

MERCEDES-BENZ

SL R230 series

2001 to 2011

Brian Long

(This page & opposite top) The rare SL600 – only 263 were made with the revised front-end, leading to the model being dropped earlier than the other R230 SLs. Note the unique alloy wheels, and some of the little touches added to the V12 car, such as the silver wing vent inserts and the 'V12' badge underneath; the same logo added to the silver clasp on the steering wheel, and the special exhaust finishers with a central bar.
